---

**PROFESSIONAL SUMMARY & SKILLS**

- PMI-ACP® certified Agile Project Manager with experience leading delivery across healthcare, clinical research, and technology-driven consulting environments. Brings a strong combination of delivery discipline, analytical thinking, and practical Agile execution to complex initiatives. Skilled in applying Scrum and Kanban practices to create clarity, improve predictability, and drive value in fast-paced settings.
- Proven ability to coordinate cross-functional teams, manage prioritized backlogs, and support end-to-end delivery through structured Agile ceremonies and metrics-driven planning. Experienced in translating business needs into actionable epics and user stories, tracking velocity and release forecasts, and reducing delivery risk through clear communication and stakeholder alignment.
- Recognized for bridging people, process, and execution to enable effective collaboration and continuous improvement. Combines hands-on Agile leadership with a strong foundation in risk awareness, systems thinking, and disciplined delivery to help organizations achieve measurable, sustainable outcomes.
- Proficient in Agile methodologies (Scrum, Kanban), risk management, and continuous process improvement.
- Tools and technologies: MS Project, Jira, Confluence, Trello, Python.

**EXPERIENCE****Agile Project Manager****08/2024 - Present**

Truejjem Consulting Inc. | Ontario Canada

- Successfully leading Agile delivery across 6 client initiatives, coordinating cross-functional teams of 10 members and aligning stakeholders across business and delivery teams.
- Effectively facilitating Scrum and Kanban ceremonies including sprint planning, daily stand-ups, sprint reviews, and retrospectives, supporting 2-week sprint cycles and maintaining consistent delivery cadence.
- Strategically partnering with solution consultants and technical specialists to translate business needs into 50+ epics and user stories, managing prioritized backlogs and supporting bi-weekly releases.

**Lead Project Coordinator****01/2023 – 08/2024**

Eti-Osa Maternal and Child Centre | Lagos, Nigeria

- Coordinated cross-functional teams including clinicians, administrators, and support staff to align project deliverables with organizational goals, improving clarity, ownership, and execution flow.

- Conducted structured risk assessments to identify schedule, resource, and dependency risks, then developed mitigation plans that reduced potential project delays by approximately 15%.
- Led portfolio coordination for multiple healthcare initiatives valued at up to \$1M, supporting leadership with planning, prioritization, and execution across concurrent projects to meet clinical and operational objectives.

### **Project Coordination Manager**

**02/2021 – 12/2022**

Crystal Specialist Hospital | Lagos State, Nigeria

- Supported the development and maintenance of project plans, tracked budgets and adjusted schedules to adapt to evolving hospital needs, aligning with agile principles of flexibility.
- Contributed to continuous improvement by evaluating project outcomes and recommending process enhancements, increasing operational efficiency by 15%.
- Applied adaptive planning approaches to balance changing priorities, ensuring continuity of care while maintaining delivery timelines in a fast-paced healthcare setting.
